

## BRAINSTORMS

With Ferrin Cox

An article in the daily papers last week was written by Gus Hall, the chairman of the Communist Party in the USA. He has also been that party's candidate for president at least four times. Mr. Hall bemoans the current problems in Russia, and shares our shock at the sudden turn around in that country's politics. We were amused however at his assessment of Russia's part in the world. Hall contends the USSR has been the leader in world peace, disarmament, helping the third world countries, etc. He doesn't understand that the people of the world are tired of hearing that bunk and the Russian people, as well as those of Eastern Europe, have said "no more." They are apparently tired of the lies and the people promoting those lies. We wonder how he can continue to say his party can solve the problems of the homeless, etc. when in Russia they can't even put food in the grocery stores.

The United Nations inspection teams continue to have problems in Iraq. Saddam Hussein's troops stall inspection teams until they can move or hide evidence of warfare capability. They have even used warning shots over their heads to slow their inspections or stop them outright. There is little doubt that the ground war in Iraq was stopped too soon, but at the time the cry from those who didn't support the war in the first place was, "Stop, stop, stop, you have gotten them out of Kuwait and that was what you wanted to do." Now many of those same complainers are critical because the U.S. didn't finish the job on Saddam. We were originally on the hawkish side, but afraid of the long term implications... we still are. Right now unless the U.N. inspection teams are allowed to properly do their job, we agree President Bush must stand the Air Force back to enforce the position and mutually agreed upon rights of the inspection teams.

The Ethics Commission has turned thumbs down on Governor Hunts practice of taking the state plane on his "for my" preaching trips. We agree with their decision, yet admit it would never have gotten this far if Hunt had been a Democrat or more solidly entrenched... or both. What the Democrats in the legislature had better be careful about now is shooting themselves in the foot with public opinion and again electing a Republican governor. The Alabama voters don't like wrongdoing but even more they don't like big brother steamrolling over the little guy (in this case Guy). Since the voters consider themselves the little guy and the government (legislature) the steamroller, it could easily happen cause we are already hearing mutterings.

The Elba City Council has officially increased garbage and sewage fees. We don't like increased taxes any better than the next person, and we wonder about a little Italian restaurant we had visited a few times during our courtship days. We found it, but of course with different management. True to form we proceeded to dine with them without a whole lot of discussion... in other words, there is a restaurant, let's eat. We didn't order one of the pizzas we shared all those years ago, and the prices were much higher, but did enjoy our meal.

Saturday afternoon Heddy and I were out-of-town visiting a sick relative. As we left the hospital it was getting to be mealtime and we wondered about a little Italian restaurant we had visited a few times during our courtship days. We found it, but of course with different management. True to form we proceeded to dine with them without a whole lot of discussion... in other words, there is a restaurant, let's eat. We didn't order one of the pizzas we shared all those years ago, and the prices were much higher, but did enjoy our meal.

## Thank You

Mrs. Lena Fuller  
for all the goodies.  
You are a sweet lady!

NEW HOPE SENIOR CITIZENS recently celebrated birthdays. They were (L to R): Robert Day, Francis Lewis, Johnnie Merl Cotton, Pearl Hornsby, and Vonelle Berry. Not Shown were Delbert Flowers, Minnie Stewart, and James Tindol. They all enjoy coming to the center twice a week.

## NEWS AMONG OUR SERVICE FOLKS

### JOHN R. CALDWELL

Army Sgt. 1st Class John R. Caldwell has been decorated with the Bronze Star Medal for his support of Operation Desert Storm. The Bronze Star is awarded to individuals for meritorious achievement or service during armed conflict.

Caldwell, an armor platoon sergeant who had been deployed to Saudi Arabia, is homebased with the 32nd Armor at Ayers Kaseme, Kirchgoos, Germany.

He is the son of Willie H. and Eloise F. Caldwell of Rural Route 2, Elba, AL. His wife, Teresa, is the daughter of Jewel Gordon - Smith Allen of Rural Route 3, Statesboro, GA.

The soldier is a 1979 graduate of Elba High School.

### JONATHAN A. HILTON

Jonathan A. Hilton received practical work in military leadership at the ROTC advanced camp at Fort Lewis, Tacoma, Washington.

The camp, attended by cadets normally between their third and fourth year of college, includes instruction in communications, management, and survival training.

Successful completion of the advanced camp and graduation from college results in a commission as a second lieutenant in the U.S. Army, Guard, or Reserve.

The cadet is a student at the University of South Alabama, Mobile. He is the son of retired Marine Corps Maj. Roy G. and Elsie S. Hilton of Rural Route 2, New Brockton, AL. He is a 1988 graduate of New Brockton High School.

### LESTER W. MAGWOOD

Army Sgt. 1st Class Lester W. Magwood has been decorated with the Meritorious Service Medal for his role in Operation Desert Storm.

The medal is awarded for outstanding non-combat meritorious achievement for service to the United States.

Magwood, a light wheel vehicle mechanic supervisor who had been deployed to Saudi Arabia, is homebased with the 82nd Airborne Division at Fort Bragg, Fayetteville, NC.

## Distribution dates for commodities are announced by HRDC

Commodities will be distributed in Elba on October 2 & 3, 1991, according to a release from the Human Resource Development Corporation (HRDC).

The food will be available from 8:30 a.m. until 4:00 p.m. at the HRDC Center, on Factory Street, behind Whitman's Drug Store.

In Enterprise the commodities will be available at the Adult Center on Lee Street.

New Brockton residents may get their commodities on October 9th and 10th from 9:00 until 1:00 p.m.

Fashion show, lunch are planned to benefit United Way fund drive

A fashion show is scheduled for Friday, October 11 in Enterprise at noon. The show is being put on by the downtown merchants of Enterprise with benefits going to the United Way.

The informal modeling will be by models from all over the county and begins at 11:45 on Friday the 11th at the Lobby. The event is being held in conjunction with the Fall Festival of the Enterprise merchants.

Tickets may be purchased at The Jewel Box in Elba. Door prizes will be awarded.

Why should we recycle paper? I think we should recycle paper because if we didn't we wouldn't have much oxygen. We need oxygen to breathe.

Paper is made from trees and trees give off oxygen. If we don't recycle paper many people will die because they don't have oxygen. More and more trees are getting cut down. Please recycle paper. Please save our planet!

## Views From The Pressbox

By Ricky Mularz

I attended a one-day workshop for recreation directors from across the state last week in Gulf Shores and before coming home found time to stop and bring back something for the kids. I brought back a gymnastics outfit for Melissa and for Melanie brought back two little jigsaw puzzles. The puzzles only had 12 pieces, so I figured that even though Melanie is only two-and-a-half she could handle the puzzles. She has handled them all right! So far I have put the puzzles together about a thousand times and she helps with encouragement. Next time...she gets the clothes!

### ELBA SEES RECORD DIP TO 1-2 WITH AREA 2 LOSS

The Elba Tigers had completely dominated football in south Alabama since dropping to Class 3A three years ago, and nowhere was their dominance as complete as in Area competition, where Elba had not lost a single Area game. All that came to an abrupt end last Friday night when the Tigers lost at home for the second straight time, this time falling to Area 2 rival Luverne 14-0, and dropping to 1-2 for the young season.

I guess when you look back at the game it depends where you live as to how the game really went. If you live in Luverne, you'd say they had a touchdown called back that would have given their team an early lead and then after a goal line stand, hit a bomb to get on the scoreboard and dominated Elba late in the game to make the final 14-0.

Well, I live in Elba and my version is a little different, because I saw Elba play with as much intensity as its players had shown in years and have to point back at the three scoring opportunities that the Tigers failed to take advantage of. The first chance came late in the half and was stopped only by the clock, while the second reached a first down at the 15-yardline, but was stalled by a 10-yard penalty on first down and resulted in a missed field-goal try. The third came after Elba moved the ball to a first and goal at the Luverne 7-yardline, only to have a pass at the goal line knocked loose and then a fourth down gamble backfire. Luverne's first score came when the Tiger defense got its coverage crossed up and a pass was just over the outstretched arms of the late-arriving Elba defender and the second came after a fumble at the Luverne 41, after a completed pass, took all the air out of the Elba sails and gave Luverne the momentum to clinch the win.

Looking back, I'd say the game was probably lost in the third quarter, when Elba's offense rolled up 118 yards, to only 5 yards for Luverne, but Elba failed to put any points on the scoreboard. The Tigers drove to the Luverne 15 on their first possession, only to be slowed by a penalty, then on the second possession drove to the 40, only to see a fumble and another penalty kill the drive. The third series reached the Luverne 7-yardline, but it too died after two runs gained nothing and a pass that appeared to be complete at the goal line was knocked loose. Three chances to score and not one point to show for it. Enough to make a team lose to anybody, much less a team with the talent of Luverne.

So, now the Elba Tigers, the ninth winningest team in the state over the past 12 years, stand at 1-2 for the season and some folks are already writing off the Tigers and talking about how there is no way Elba will even survive with a winning record. A quick history lesson will remind you that back in 1986 Elba got off to a 1-4 start, then rebounded and made it all the way to the state championship game before losing again. I'm not saying that Elba will lose its next two games and then come storming back and make it to the finals, all I'm trying to do is make everyone realize that the season is a long way from being over.

Elba's loss to Luverne wasn't because of a lack of effort. The players played as hard as they have all season and the loss hurt them much more than it did any Tiger supporter. As long as the effort is there, the Tigers will always have a chance to win, against any opponent on their schedule, and deserve the support of all the Tiger fans. Come on, we'll still get a lot of fun left this season!

### A WEEK OF FIRSTS FOR ALL THREE COUNTY TEAMS

It was a week of firsts for all three county teams as Kinston and Zion Chapel won for the first time this season and New Brockton lost for the first time. Here's a quick look back at what happened in week #3....

**ZION CHAPEL** had displayed an explosive offense in two opening losses, so, it was obvious that sooner or later the defense would slow some one down and the result would be a win. It happened Friday night as the defense held just enough and the offense kept on rolling as the Rebels pounded Houston Academy 40-21. The Rebels fell behind early in the game, but once the offense got on track it was just a matter of time before Houston Academy showed down, and when it did, the Rebels raced past for the win. The Rebels showed improvement and may still be a team to watch.

**KINSTON** was looking for a win when it travelled to winless Florida and for the first time this season the Bulldog defense showed its teeth as it rose up time and time again to make big plays to lead the way to a 12-8 win. The Bulldogs got when they got the chances and stiffened on defense whenever Florida would try to regain the lead. The folks down in

Kinston have to be happy over the team's first win in two years.

**NEW BROCKTON** used to whip 4A Daleville years ago and kept the Warhawks on the schedule when it had a hard time finding games. Bet you next year the Gamecocks will play nine games before they play Daleville! Daleville showed the Gamecocks the difference between 2A and 4A Friday night by clobbering the Gamecocks 40-0. The score was 40-0 with over 10 minutes left in the third quarter and could have easily been much, much worse, had not the Hawk coaches called off the starters. The Gamecocks aren't that bad a 2A club, it's just that Daleville "is" that good a 4A squad.

### ANOTHER INTERESTING WEEK ACROSS THE STATE

The third week of the season was another interesting one for teams across the state as upsets were found in some places and powerhouses kept on rolling in others. Here's a quick look back at the week that was....

**CLASS 6A** - Defending state champ Jess Lanier found out that Valdosta, Georgia, was as good as ever as the defending Georgia champs walloped Jess Lanier 35-0. Vigor remained unbeaten with a 21-7 win over Baldwin County and Robert E. Lee kept pace with a 38-15 romp over Carver.

**CLASS 5A** - Undefeated Ashford found out what life outside the covey Wiregrass Conference is like as it got whipped by Opp 26-0. Top-ranked Blount demolished Greenville 30-2, while Andalusia made it two straight wins with a 32-6 romp past lowly Geneva.

**CLASS 4A** - Pike County almost counted on before they are even played at Brundidge, but they found out that nothing is a sure thing as Tallahassee bounced the Bulldogs 20-7, at Brundidge. Daleville kept on rolling as it whipped New Brockton 40-0, but all three Warhawk wins have been over 3A and 2A opponents. What does it mean? Probably nothing.

**CLASS 3A** - Elba, Lamar County and T.M. Rogers, all former 3A powers, bit the dust in week #3, while defending champ Dallas County kept on rolling with a 29-12 win over Marbury. Rehoboth won its second, first on the field, by edging Louisville 19-12.

**CLASS 2A** - Cottonwood lost for the first time on the gridiron as it got surprised by 4A Abbeville 12-6, while Hazlewood rolled along with a 42-0 win over Turner and Excel outscored Linden 37-20. Sweet Water lost again, going 0-3, as it fell to Eufaula 27-7.

**CLASS 1A** - Third ranked Autaugaaville got upset by Billingsley 14-7, while locally Arion showed it is a team to reckon with as it knocked off 2A power Straughn 28-21. Clayton fell to 0-2 in its comeback year as the Tigers now lost by a combined score of 103-7. Remember roundball!

### PROGNOSTICATOR LOOKING FOR BETTER DAYS

Ye Ole Polish Prognosticator hit on 18 of 24 picks last week and is doing pretty well after three weeks of the season, but this week things certainly don't get any easier and when he came in the office Monday night he admitted that either he is getting old, or picking games is getting harder. Here are his picks for week #4....

#### ELBA VS. OPP

The Tigers have stumbled out of the starting gate and are 1-2 for the month, while the Bobcats are 3-0 and by their own admission getting better and better. On paper this one looks like a mismatch; however, games aren't played in the paper and this one will be closer than many think!

#### OPP 16 ELBA 6

## S P O R T S

### Tigers look to rebound against unbeaten Opp

The Elba Tigers will be looking to get back in the column this week when they travel to Opp to battle the unbeaten Opp Bobcats.

Elba will carry a 1-2 record into the annual clash, while Opp will enter the game with a perfect 3-0 record after wins over Monroe County, Charles Henderson and Ashford.

"Opp has got without a doubt one of the best football teams we'll face this season," said Elba's Coach Mack Wood, "and they will be the most physical team we'll face the end of the year. They are big and strong on both sides of the football and really

get after you. This is the best football team in the column this week, many years and it will certainly be a challenge for us just to be able to compete with them."

"Offensively," stated Wood, "Opp is led by Hightower at quarterback, and he is one of the best athletes around. He has quarterbacked for the past three years and has the experience and talent to be a solid performer. Opp likes to run behind its big offensive line and let Hightower get the ball out on the corner and put pressure on the defense. Opp also has a couple of big kids at end that can catch the ball and Hightower

isn't afraid to put it in the air. Offensively, Opp is a power team and tries to simply use its strength and skill to move the football and keep the pressure on the defense."

"Opp is very big and physical. They have several players who have been around for a long time and they know just what it takes to win. The Opp defense is solid in all areas and has our running game with our base players. It will be a real challenge for our offense to play up to its potential on every play and not have any breakdowns. It will take a total effort of all eleven players on the field and from the coaches on the sidelines."

Over on defense we'll have to play physical and not have any mental mistakes," said Wood. "We'll have to play real physical up front against the big Opp line and at the same time be alert and be in position when they run the option and sweep. In the secondary we'll have to play strong against the run and at the same time make sure we read the receivers first and not let Opp have any big plays."

It will just take a maximum effort from our players on both offense and defense to stay in the game with Opp and try to pull out the win."

When asked about last week's 14-0 loss to Luverne, Coach Wood stated, "Our players played real hard and left everything they had on the field. It hurts to lose and the loss hurt everyone on the team, but the effort was there and it was by far the best we've ever played and still lost."

"On offense," said Wood, "we moved the ball well for most of the game, but made simple mistakes and penalties that kept us from scoring any points. On defense we played hard, only to give up the big play on the long pass that gave Luverne the first touchdown. The defense played real strong up front against the run and the secondary played well for most of the night. It just takes one little mistake, like confusion on coverage, to get you beat, and that's what happened Friday night."

"It was a tough game to lose for the players and coaches," added Wood, "but we showed improvement and just have to keep working hard to get better."

All games are set to start at 7:30.

#### NEW BROCKTON VS. COTTONWOOD

The Gamecocks have to be glad that Daleville has come and gone. The problem is that next up is Cottonwood, which was already mad about having to forfeit a win before being upset by Abbeville. New Brockton will claim a bunch of wins before the season ends, but not this week!  
**COTTONWOOD 20 NEW BROCKTON 0**

#### ZION CHAPEL VS. MCKENZIE

The Rebels claimed a big win last week over Houston Academy, but this week must travel to McKenzie to battle one of the state's most consistent winners. If the Rebel defense can keep McKenzie out of the endzone with any consistency they have a chance; however, don't bet on a Rebel win.  
**MCKENZIE 14 ZION CHAPEL 8**

#### KINSTON VS. SAMSON

The Bulldogs actually hit someone last week and in doing so posted their first win in over a year as they clipped Florida. Samson has one of the state's top backs and the history books agree that the Dogs can't beat anyone with speed. Who can argue with history?  
**SAMSON 22 KINSTON 8**

Elba defensive back Anthony Brashears (32) breaks up a pass intended for a Luverne receiver. Elba lost the clash with Luverne 14-0 to fall to 1-2 on the season.

Elba's Joel Kirkland (12) heads upfield for a big gain in last week's battle with Luverne. Kirkland passed for 99 yards and rushed for 12 in the Area 2 contest.

Elba's Joe Donaldson (89) fights for extra yardage after pulling in a big third down reception for the Tigers. Elba will journey to Opp Friday night for their annual clash with the Bobcats.

## Elba drops Area 2 tilt to Luverne 14-0

The Elba Tigers lost for the second time this season in the usually friendly confines of Miller Memorial Stadium as Luverne came to town Friday night and blanketed the Tigers 14-0.

The loss dropped Elba's record to 1-2, 1-1 in Area 2 action, while Luverne improved to 3-0, 1-0 in Area 2 play.

The two rivals failed to generate any offense in the early going of the contest; however, Luverne put the ball in play at its 34-yardline late in the opening stanza and marched all the way into the Elba endzone, only to be turned away by a penalty and the stubborn Tiger defense.

A 51-yard gallop by Arrid Gregory was a big play in the march, and it was Gregory that apparently scored the game's first points on a 5-yard run. The score was nullified by a procedure penalty that left Luverne with a first down and goal at Elba 9-yardline, and from there the Tiger defense took over, as Brian Reedy and Tommy Young led the defensive charge that turned Luverne back on a fourth down play at the two!

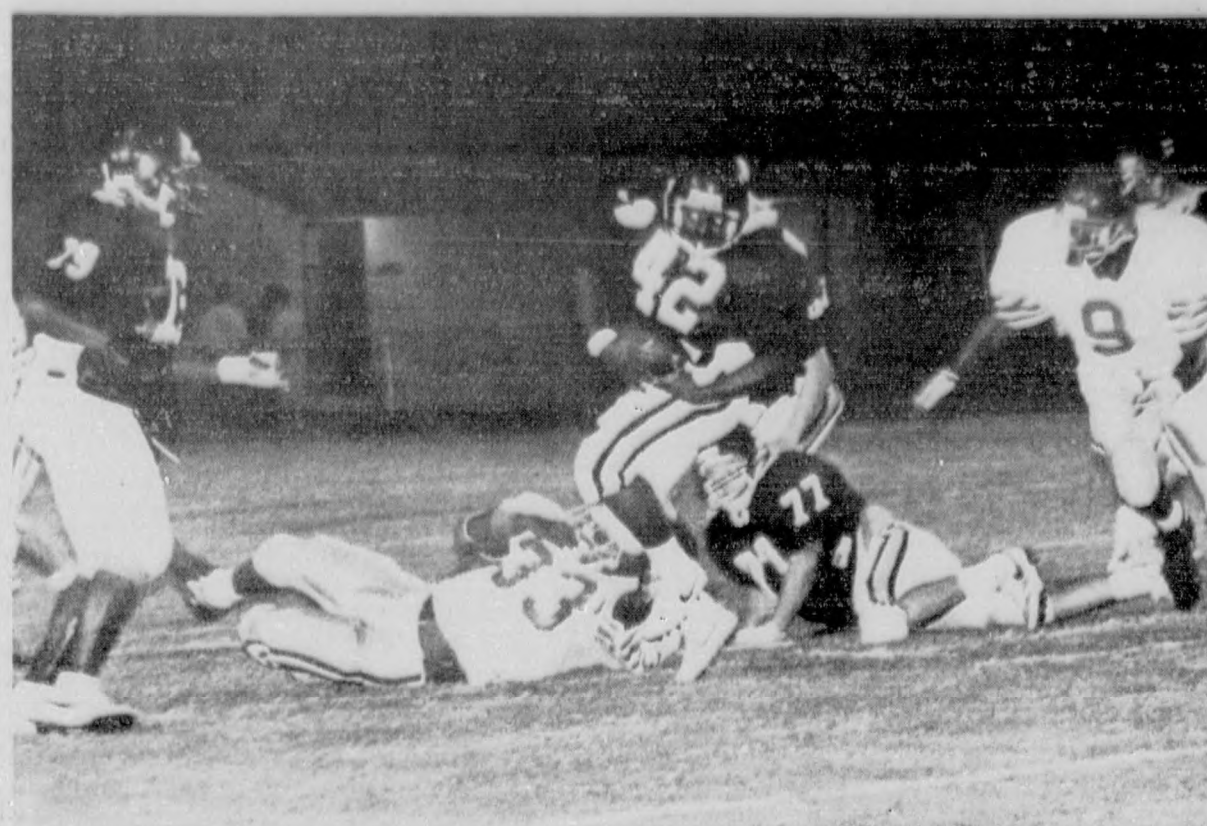

Elba's offense sputtered for most of the half, but did show signs of life late and almost scored in the closing seconds of the second quarter.

The Tigers, behind the passing combination of Joel Kirkland to Josh Caldwell, moved from the Elba 36-yardline to the Luverne 20 with just 12 left on the clock; however, Jamie Brockton was stopped at the 14-yardline after hauling in a Kirkland pass on the final play of the half, and at intermission the two teams went in with the score tied at 0-0.

The Tigers looked like a different team in the third quarter and opened the stanza like they would blow the Luverne defense off the field.

The Tigers, using the running of Marcus Tyson, Joel Kirkland and Jamie Brockton, marched 54 yards in only 5 running plays to reach a first down at the Luverne 15-yardline. A holding penalty backed the Tigers up to the 25 and slowed the charge, while Kirkland misfired on second and third down passes, and on fourth down, Scotty Dawson's 40-yard field-goal try was short, turning the Tigers away empty-handed.

Elba put the ball in play at mid-field late in the third quarter and this time drove to a first and goal at the Luverne 7-yardline, only to once

Elba's Jamie Brockton (42) breaks away from a would be tackler during action in Friday night's Area 2 clash with Luverne as linemen Julius Peterson (79) and Tommy Young (77) look on.

again fail to put any points on the scoreboard.

Marcus Tyson gained 36 yards on three carries to spark the offensive charge; however, Tyson failed to gain on two carries deep in Luverne territory, and on a fourth down gamble from the 10-yardline, Joel Kirkland was sacked for a 10-yard loss and yet another scoring opportunity went by the board.

Luverne's offense, which was held to a total of 5 yards in the third quarter, had little better luck following the defensive stand and faced a third down and 9 on the 21-yardline. Luverne went to the air on the third down play and lace Morgan tossed a long pass over the outstretched fingertips of an Elba defender into the arms of Shawn Lowery, who pulled in the pass near midfield and then simply ran out the clock to post the 14-0 win.

Shawn Penn added the extra-point and with 9:34 left in the game Elba found itself trailing 7-0.

The Tigers were down, but not out, and wasted little time starting another drive as a pass from Joel Kirkland to Anthony Brashears gained 21 yards to the Luverne 41. Brashears lost the handle on the ball as he fought for extra yardage; however, and Luverne recovered to stop the march and take the air out of the Elba attack.

Luverne came straight at the Tigers in an effort to run out the clock and keep the ball from the Elba offense, and the plan paid double dividends, as Luverne kept the ball for four minutes and extended its lead to 14-0 on a 14-yard pass from Morgan to Kevin Tranum and the p.a.t. by Penn, with 3:35 left in the game.

Luverne intercepted an Elba pass near midfield with 2:04 left and then simply ran out the clock to post the 14-0 win.

Marcus Tyson gained 127 yards on 22 carries to lead Elba off the field, while Arrid Gregory gained

## Kinston Bulldogs take bite out of Florala 12-8

By Phillip Miles, Sports Writer

The Kinston Bulldogs took a bite out of the Florala Wildcats Friday night by posting an exciting 12-8 win in Florala.

It was Kinston's first win on the gridiron since 1989 and upped the Bulldogs record to 1-2, while Florala fell to 0-5 with the loss.

Florala's Jason Davis returned the opening kick 23 yards to the Wildcat 34-yardline, and after a quick first down Jimmy Bulger blasted off right tackle and raced 40 yards for a Florala touchdown. Jason Davis carried for the two-point conversion and Florala was ahead 8-0.

Florala threatened to take command early as the Wildcats marched to the Bulldog 42 and then recovered a fumble at the Kinston 32; however, both times the Bulldog defense was up to the challenge and kept the Wildcats out of the endzone.

Kinston's offense put the ball in play at its own 48-yardline with 1:11 left in the third quarter following a short Florala punt and drove 52 yards for what turned out to be the winning touchdown.

Kinston's offense put the ball in play at its 32-yardline with :09 left in the opening stanza and came to life as the Bulldogs marched 68 yards in 14 plays to get on the scoreboard.

A 35 yards scamper by Marcus Cook that carried down to the Florala 9-yardline was a big play in the scoring drive, while the touchdown came on fourth down when quarter-back Kevin Davis tossed a 4-yard touchdown pass to a wide-open Danny Dorrell. The two-point play failed, but with 7:18 left in the half the Bulldogs were within 8-6 and had new life.

Florala returned the ensuing kick

to midfield and quickly marched to the Kinston 9-yardline, only to see the Bulldog defense again rise up and stop the Cats as Kinston's Ben Coole recovered a Florala fumble to keep Florala from adding to its lead.

Florala's offense began the second half at its 32-yardline and once again headed toward the Bulldog endzone, only to once again come away empty-handed.

The Wildcats sustained an 11 play drive that reached the Kinston 11; however, on a crucial fourth down play Wesley Reynolds sacked the Bulldog quarterback for a 3-yard loss and the 'Dog defense had done it again!

The Kinston offense put the ball in play at its own 48-yardline with 1:11 left in the third quarter following a short Florala punt and drove 52 yards for what turned out to be the

winning touchdown. After a 23-yard pass from Kevin Davis to Danny Dorrell on the final play of the stanza, the Bulldogs opened the fourth quarter with a first down at the Florala 23.

Two plays later, Davis passed to Roger Smith for a 19-yard gain to the Wildcat 4-yardline, and from there Marcus Cook bulled over the goaline. A two-point pass was incomplete, but with 10:57 left in the game Kinston was ahead 12-8.

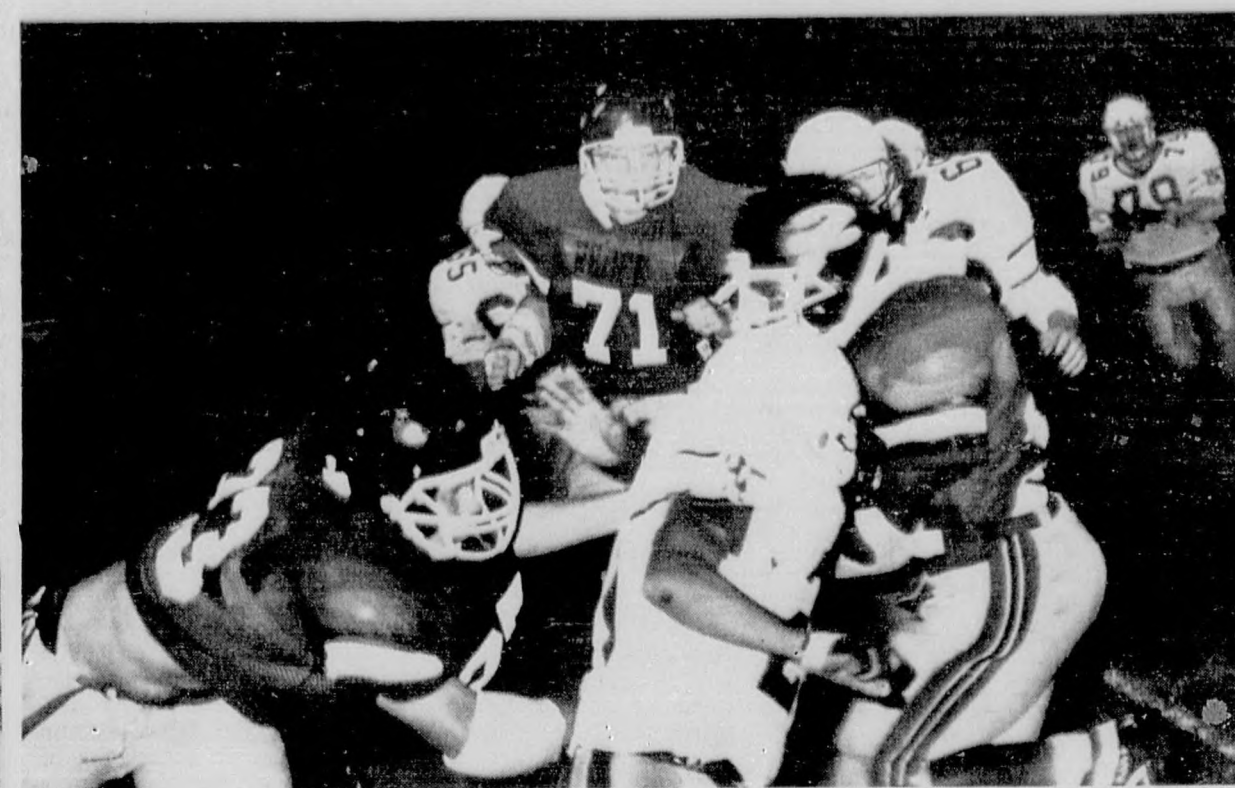

Florala began its next offensive series at midfield and quickly moved to the Kinston 14-yardline behind the running of Jimmy Bulger; however, the Bulldog defense again sufficed and this time took the ball back on downs back at the 18.

Kinston ate up a huge chunk of clock with a 12 play drive on the ensuing possession and the defense

held on to lead the Bulldogs to the 12-8 win. Marcus Cook gained 76 yards on 22 carries to lead the Kinston offense, while the aggressive Bulldog defense was sparked by Steve Wise, who had 16 tackles.

Zion Chapel's Tracey Woods (42) cuts inside the block of a teammate Bruce Cole (71) arrives to assist. The Rebels outscored Houston Academy 40-21 to post their first win of the season.

## Rebels outscore Houston Academy 40-21

By Cade Shiver, Sports Writer

The Zion Chapel Rebels got their first taste of victory Friday night as they toppled the Houston Academy Raiders 40-21.

The Houston Academy passing attack was thought to be the key to the game, but the Raiders surprised the Rebels early with their ground speed. The Raiders took the opening kickoff and behind the running of Scott Walker, wasted no time on their first series they put seven points on the board with 9:40 left in the first quarter.

The Rebel offense could get nothing going as on the first play from scrimmage Tracey Woods fumbled and the Raiders recovered at the Rebel 42-yardline. Two plays later Scott Walker took it in from 17 yards out for six more points and with the p.a.t. it was Houston Academy 14 Zion Chapel 0, with 7:32 still left in the first quarter.

The Rebels seemed to have things under control as on the ensuing kickoff Dynors Smith returned the kick 17 yards to the 39-yardline and in just three plays Tracey Woods went for 41 yards. However, a Rebel pass was intercepted and the drive was halted at the Raider 16.

Houston Academy then decided to go to the air and on first down Dynors Smith intercepted a Raider pass to give the Rebels the ball right back at the Houston Academy 20-yardline.

Jeremy Law ramblled around the end 20 yards on a keeper and the Rebels were in the endzone. Woods took it in on the two-point conversion and the Rebels were on the board, trailing 14-8.

Zion Chapel's Chris Hodge returned a Raider punt 17 yards to the Houston Academy 42-yardline following the next series and the Rebels then wasted little time pounding the ball into the endzone as Tracey Woods got the touchdown and the two-point conversion to give the Rebels the lead at 16-14 with 11:34 left in the half.

A Mark Hodges interception and a fumble by Woods kept the Rebels off the board on their next possessions, with Houston Academy winding up with the ball at its own 10-yardline.

On first down, Rebel linebacker Ernest Baker sacked the Raider quarterback for a two-yard loss and on the next play the Raiders mishandled the handoff and Mark Hodges recovered the fumble and returned it to the Houston Academy 3-yardline.

Tracey Woods scored on a three-yard gallop and Mark Hodges added the two-point conversion to up the Rebels' lead to 24-14 with 2:58 left in the half.

Houston Academy moved to the Zion Chapel 41-yardline on their ensuing possession, but on fourth down attempted a fake punt, which fell incomplete, giving the Rebels a chance

A Rebel runner finds plenty of room to run as he heads upfield during Zion Chapel's 40-21 win over Houston Academy.

score. Scott Walker pulled in a touchdown pass and the p.a.t. was true as the Raiders cut the lead to 32-21 with 9:55 left in the game.

Chris Hodge returned the ensuing kick 19 yards to the Rebel 36 and ramblled in for the touchdown, from there the Rebels put together their best drive of the night, the half wound down the Rebels were in command with a 32-14 advantage.

Houston Academy put the ball in play at midfield midway through the third quarter following a ZC fumble and took advantage of Rebel penalties and mistakes to drive in for a 3:59 left in the game.

Behind the power of Tracey Woods and Faulk, the Rebels went 62 yards in 10 plays to reach the Raider 2-yardline, and the two-point conversion as the Rebels put the icing on the cake by taking a 40-21 lead with a 3:59 left in the game.

### SPORTS FANS!

#### I BET YOU DIDN'T KNOW .....

How's this for a football oddity...Did you know there was once a college football game in which one team did not run or pass the ball at any time during the entire game, and still won it...It happened in Kentucky...In a game in the early 1900s, Kentucky decided to kick on first down every time they got the ball...They did kick on first down throughout the game...They never ran the ball and never passed...And they won 12-6 by recovering two fumbles by their opponents in the end zone...This oddity is hard to believe but it's been verified by the Kentucky Athletic Department.

Ever wonder how many commercials there are during a telecast of college or pro football games?...How many would you say?...The national TV networks put in about 50 different commercials during the telecast of each game.

When was the last time a team won the championship of the National Football League with a rookie as its regular quarterback?...It hasn't happened since 1945 when the Rams won the NFL title with rookie Bob Waterfield at quarterback.

## PASTOR'S CORNER

Rev. Frank S. Wells  
First Baptist Church-Elba

### Red In The Face

One of my most vivid memories of my youth has to do with one of the most embarrassing things that ever happened to me in church. One Sunday evening I was asked to help take up the offering. When we "passed the plate" most of what we received was coins. As I returned to the front of the church with the offering, the edge of the plate snapped off and coins fell and rolled all over the church. I was red in the face with embarrassment for days, because I knew that everybody thought I had dropped the plate.

Perhaps the good part of the story is that there were more people on their knees in church that night than ever before or since, even if it was to pick up coins. Also, if they had given with sin by declaring everything acceptable. It's not that the prophetic word is to leave us in a state of guilt and shame; rather it is the gift of God that calls us to take responsible steps to deal with those self-destructive things that are going on in our lives.

If you have a sensitive conscience and are ashamed of your foolishness or lack of faith, let God be true. Nurture it. No, they do not even know how to blush. So they will fall among the fallen; they will be brought down when I punish them," says the Lord. (Jeremiah 6:15 NIV)

### Nursing Home Notes

**DO YOU HAVE SOME EXTRA TIME TO DEVOTE TO BRINGING CHEER AND HAPPINESS TO SOMEONE IN A HEALTH CARE CENTER?** If you have a few hours to spend once or twice a week, your services would be greatly appreciated by the residents as well as the activity department staff. If you are interested in volunteering, please contact the Activity Office at 897-2257 ext.234. The rewards are great!

**Homecoming To Be Held At Newbia Baptist Church**  
Homecoming is planned at Newbia Baptist Church, October 6, 1991. Worship Service will begin at 11:00 a.m. The guest speaker will be Culon Davis.

There will be a covered dish lunch following the worship service and special music following lunch at 1:30 p.m.

We will be honoring the former students from Newbia School. Everyone is invited to attend.

**Hi-Way 84 Mission To Have Revival**  
There will be a revival at the Hi-Way 84 Baptist Mission, September 29 - October 2, 1991, at 7:00 nightly. The guest speaker will be Bobby Hutaway, Rev. J. J. Hatway invites all to attend.

**Attention sponsors and family members:**  
The regular quarterly meeting of the Family Council for Elba Nursing Home will be held Thursday night, September 26, at 6:30 p.m. in the Dining Room. Mrs. Kathy Bozeman, R. N., D. O. N., will be the guest speaker. A short entertainment and refreshments will follow the meeting.

**New Residents:**  
Cressie Harrison and Gladys Smart.

**Birthday Greetings**  
Cressie Harrison, born September 14, 1907.

**Miss Robinson To Wed**  
Mr. and Mrs. Bill Robinson Elba, announce the forthcoming marriage of their daughter, Cassandra Gayle Robinson, to Bobby Jordan, September 28, 1991 at 2:30 p.m.

The wedding ceremony will take place at the home of the bride-elect's grandmother, Mrs. Martha Robinson in Kennedy Estates, Elba, Alabama. No formal invitations are being sent. Everyone is cordially invited to attend.

**Dr. Mary S. Relfe Celebrates Fourth Birthday Recently**  
Lauren Hooks celebrated her fourth birthday August 25. She is the daughter of Jerry and Arlene Hooks, Clairmont, CA.

Grandparents are Mrs. Mary A. Hooks, Elba and the late William Hooks and Mr. and Mrs. Talmech of Broxton MA. Lauren has one sister, Valarie. Relatives and friends wished her a happy birthday.

**Nolin Reunion To Be Held October 6th**  
All friends and relatives are invited to attend the annual Nolin family reunion on Sunday, October 6, at Pleasant Ridge Church near Victor. Family members are urged to attend. Everyone is cordially invited to attend.

Keith Hibbs

**Fall Revival To Be Held At First Baptist**  
First Baptist Church of Elba has scheduled Fall Revival Services October 6-9. Services on Sunday, October 6, will be at 11:00 a.m. and 7:00 p.m., with services Monday through Wednesday at 7:00 p.m.

Guest speaker for the revival will be Buddy McGilton, director of Missions for the Montgomery Baptist Association.

Guest musician will be Keith Hibbs, a consultant in the church music department of the Alabama Baptist Convention. He received a bachelor's degree from Sanford University and a master's degree in church music from Southern Baptist Theological Seminary in Louisville Ky. He's served as Minister of Music and Minister of Youth in a number of churches in Alabama before joining The Baptist State Convention staff. He and his wife Adonna have 2 children.

First Baptist Church is located on Simmons Street, two blocks west of the square. Dr. Frank Wells, pastor and Mart Gray, Minister of Music and Youth, join the congregation in issuing an invitation for the public to visit with us during these special services. For more information call the church office at 897-2246.

**Gospel Sing To Held At Calvary Baptist**  
There will be a gospel singing at Calvary Baptist Church in Brantley, Alabama on Saturday night, September 28, at 7:00 p.m. Guest singers will be the Shiloh Singers. Everyone is welcome to attend.

**Senior Citizens Of Cordelia St. Meet**  
When the members of the Senior Citizens of Cordelia Street met for their weekly meeting on September 19 at the center on Factory Street, they were in for a welcomed surprise.

The group would like to thank the City of Elba and the Coffee County Commissioners plus these workmen: Eugene Mixon, Fredrick Couch, Ronnie Green, and Roy Childs for their labor in moving the center's kitchen.

We would also like to thank Cavington Electric Cooperative for the new electric hot water heater given to us. We the Senior's wish to show our sincere appreciation to each of these groups and people.

Our floors and walls are still in need of work due to them and the group must continue to work on these projects.

General activities were enjoyed, walking to town, playing dominoes, and chatting with friends. Absent members were missed.

A delicious lunch was served to the following: Mattie Lou Goodson, Annie Pearl Carpenter, Myrl Burkett, Bonnie Wesley, Celia Allen, Zedie Bouyer, Iris McDowell, Frank and Lennie McCollough, Aileen English, Arthur Blackman, Jeanice Allen, Sheila Allen, Arnold Amant, Cora Mc Bride, Marion Brunson, M. Boling, Wanda Sasser.

**Twentieth Century Study Clubs Meets**  
The Twentieth Century Study Club held the first meeting of the year on September 12, 1991 at the home of Mrs. Martha Francis Stephens with Betty Brunson serving as co-hostess. The meeting was opened by reading the Collect.

After a delicious party plate was enjoyed by all, Mrs. Ellen Peterson gave an informative program entitled "What we can do for you at Elba General Hospital / Nursing Home".

Members present were: Mrs. Nell Harrison, Mrs. Elaine Thompson, Mrs. Treva Driscoll, Mrs. Hughie Clark, Mrs. Carolyn Brunson, Mrs. Debra Samuel, Mrs. Betty Brunson, Mrs. Joan Jacobs, Mrs. Betty Vaughan, Mrs. Ella Jean Vaughan, Mrs. Ann Davis, Mrs. Grace Taylor, Mrs. Ethelene Tucker, Mrs. Peggy Stroud, Mrs. Patsy Williams and Mrs. Jane Hudson.

## SouthTrust Offers Young Adult Checking Account

SouthTrust is offering a new checking account for young people 25 and under. The account is called JustChecking, according to Ted Roberts, Chairman and President of SouthTrust Bank of Coffee County.

The account does not have a minimum balance requirement and it costs only \$99 a month, or account holders can make one payment of \$11.88 per year.

JustChecking customers can write an unlimited number of checks at no additional charge, and all cancelled checks are returned with the monthly statement. The first order of checks with this account is free.

JustChecking customers also receive an Anytime Teller card that can be used to check balances, make withdrawals and deposits or transfer funds between SouthTrust accounts. This service is free of charge at all branches. The Anytime Teller card may be used to access other automated teller networks at an additional charge.

JustChecking is the perfect account for the teenage and young adult crowd," Roberts said. "It's low-cost, low-maintenance account, yet it has all the features young people look for in a checking account."

JustChecking, like all SouthTrust accounts, is backed by SouthTrust's quality service program. This program guarantees customers up to \$10 if they encounter statement errors, non-working ATM's or a lengthy wait in a lobby line.

When a JustChecking account holder reaches his or her 26th birthday, the account automatically converts to a SouthTrust Bankers' Dozen account unless the customer specifies otherwise.

## Crossbreeding Is Key To Profits In Swine Production

Stan Winham - Associate County Agent

Pork production continues to be a very strong and worthwhile enterprise for Coffee County and Wiregrass area farmers. Probably the biggest negative thing that we face is how volatile the market can be due to the ease of people getting in and out of pork production. For example, in beef cattle, times do not change quite so quickly. At least getting in and out of beef production is not as easy as hogs. It takes longer to build up a cow herd, and people are less likely to jump in and jump out yearly or every few years. Unfortunately, pork production is not that way. It seems these who are most successful end up riding the storms and ups and downs of the pork market. A lot of this up and down in the market is due to number changes almost every six months. When the price is high, people jump in for awhile. When the price falls, people get out. Eventually, the prices go back up due to supply drop and people get back in. One of the ways that you can help to insure top dollar regardless of what is going on in the market is to always put top animals at the slaughter plant or at the sale ring.

One way to do this is to use a crossbreeding program. I have had several calls and made several visits around the county over the last few years in relation to this very question. One way to crossbreed is to use a three breed rotational cross system, a purebred Spot boar. Breed him to some purebred females or at least almost purebred or what some call a high percentage female. For example, the female could be in this case

80-90 percent York. From this cross, you take those gilts which are now Spot - York crosses and cross them to a purebred Hampshire boar. From this cross, take these females which now contain Spot, York and Hamp and cross them back to still another breed such as another white breed or possibly Duroc. On the third breeding, some people use one of the previously used breeds that they are trying to build up in their herd. For example, you may want a higher percentage of York in your gilts, so at this particular point you would breed Yorks to this half Hamp, quarter York, quarter Spot cross to build up the York percentage or you could use a boar such as Duroc totally unrelated to any of the previous breeds. The breeder would then start over and repeat the sequence.

In summary, you breed a purebred boar to a purebred female. Take those crossbred females and breed them to another variety of purebred boar. Take those crossbred females

and breed them to still yet another boar. This works particularly well for folks who are trying to specifically get certain breed characteristics in their herd. I know, for example, some of the herds I have looked at are awfully heavy on Landrace. Their offspring have tremendous mothering ability but lack carcass traits needed to really bring the top dollar once these hogs finish out and are sold to the slaughter plant. The herd is a situation like that could really use a system such as this to build up carcass traits in their herd.

What you put in the sale ring or deliver to the slaughter plant, particularly in terms of muscle and leanness, is of critical importance nowadays to buyers. If you want to maximize your dollar, a good crossbreeding system that emphasizes leanness, meat and muscle certainly pay you dividends.

If you have any questions, give me a call at 894-5596, and I will be glad to help you.

## Kenneth Grantham To Chair Coffee County Farm-City Week

Dan Presley - County Agent Coordinator

## FARM - CITY WEEK

Kenneth Grantham from Elba is chairing the Coffee County Farm - City Committee this year. Some of the activities that are planned for this year's Farm - City celebration are the farm exhibit for school children, Farm - City banquet, special programs for civic clubs, farm of distinction, outstanding businessman award, billboards and posters.

The official dates for Farm - City Week are November 22 - 28. The Farm - City Committee is to be commended for putting on an excellent program to show the interdependence between farm and city people.

## SOIL IMPROVEMENT BEGINS IN THE FALL

Most Coffee County garden soils could use some help. They are either very sandy and dry or contain clay and are compact. Some crust over after planting, making it difficult to get a good stand of carrots, spinach, and other small seeded vegetables. These soils could be improved by adding organic matter.

Fall is the best time to do this. Covering the garden with a thick layer of leaves or straw, or incorporating chicken litter or other manures in the fall will give the mulch all winter to decompose and become soil humus.

Soil humus is the organic matter that gives soil a rich dark color, prevents crusting, improves infiltration and water - holding capacity, and provides a good environment for root growth. An organic mulch will also protect the soil during the winter from hard rains and potential erosion.

A winter cover crop is another alternative if it can be grown and turned under in the spring. A winter crop of rye or clover could add about 50 pounds of dry matter per 1,000 square feet. Once turned under or mixed with the soil in the spring, this fresh plant material breaks down rapidly. Winter cover crops will protect the soil and add organic matter, but they won't build up humus as fast as adding yourself.

All Coffee County soils are low in organic matter and humus because of our warm, humid climate. We

don't have the deep, dark soils characteristic of the grain - producing areas of the Midwest. But with a little effort, we can do a lot to improve the physical characteristics and the productivity of our Coffee County soils.

## Farmers Are Asked To Make Nominations For ASC Committee

"Farmers are asked to nominate candidates of their choice by October 28 to be on the ASC Community committee ballot," says David W. Eaddy, County Executive Director.

The ASC Community committee election will be conducted from November 22 to December 2 by mail ballot. The three ASC communities in Coffee County are: LAA 1, LAA 2 and LAA 3.

"ASC communities are responsible for managing federal farm programs on the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals," Eaddy said. Coffee County farmers have the opportunity to nominate people they feel would best serve the farm community. Farmers will soon receive petition forms by mail and are encouraged to submit them to the county ASCS office.

A few basic considerations should be kept in mind when circulating petitions," Eaddy said. In order to be valid, petitions must be limited to one nominee that is willing to serve if elected, must be signed by at least three eligible farm votes in the ASC community, and must be received in the county ASC office by the October 29 deadline.

Farmers may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate a farmer for the ASC committee election may contact the county ASC office for full details, including eligibility requirements for office holders.

Eaddy further explained that the county ASCS office welcomes all valid petitions. The opportunity to nominate, vote, and be elected to office is guaranteed to all farmers regardless of race, color, religion, sex, age, marital status, handicap, or national origin.

Tibetans say that "precious pills," often made of crushed minerals, can effectively treat cancer, high blood pressure, and nerve paralysis, in addition to prolonging life. Lobsang Tsewang puts the finishing touches on a pill by sealing it in a small silk wrapper at the Tibetan Medical and Astrological Institute in Dharamsala, India. Dozens of varieties of precious pills are manufactured at the institute, which serves as the world center of Tibetan medicine. The most complex of the pills contains 165 different ingredients, including gold, silver, diamonds, and rubies. Photo by Galen Rowell.

Nosing around at the Scitech Discovery Center in Perth, Australia, school children Caroline and Andrew Motteram learn how the senses of taste and smell work. Lights go on in various parts of the model's huge brain when objects, like the bottle here, are placed on the lips and under the nose. "The exhibit shows children that it's the brain that tells the taste and smell of things," says the Discovery Center's Ann Ghisalbetti, "not the tongue and nose." Photo by John Marmaras

Southeast Alabama Medical Center is proud to showcase The Power To Heal: Ancient Arts and Modern Medicine, September 22 through October 6.

In the fall of 1989, a team of more than one hundred of the world's most famous photojournalists embarked on a mission -- to capture the extraordinary realm of health, healing, and medicine, and to show in vivid and fascinating photographs the ancient rituals that have led to today's medical technology. At the same time, a group of equally celebrated writers captured the essence of healing in words. The result is "The Power To Heal" by Rick Smolan, Philip Moffitt, and Matthew Naythons, M.D., Prentice Hall Press.

The exhibition tells a story of courage, faith and caring that healers witness every day. The images explore the diversity of healers and healing practices around the world, illustrating the understanding of the word, "healing."

The Power To Heal is an extraordinary look at the emotions, the mystery, and the many different faces of health, healing and medicine around the world. Breathtaking original photographs, detailed captions, and illuminating essays combine to present a unique and hopeful portrait of humanity's age-old fascination with the body and how to keep it healthy.

Working in their jet, members of an Orbis mission restore the gift of sight as part of a three-day stop in Varna, Bulgaria. Orbis doctors and nurses have carried out more than 90 missions in 55 countries since the first flight in 1982, with the administrative staff raising the multi-million-dollar operating budget from various international agencies and private sponsors. According to Project Orbis statistics, about two-thirds of the 46 million cases of blindness worldwide could be surgically treated or prevented. Photo by Peter Freed

## The Power To Heal FOCUSES ON FOUR AREAS:

- **Ancient Arts to Modern Medicine** -- aiming to show the continuity of medicine and the development of techniques that still defy understanding.
- **The Healers** -- goal was to show healers who haven't lost their idealism, such as Dr. Leila Denmark, who has practiced medicine in Georgia since 1928.
- **The Pulse of Life** -- focuses on how the public really experiences medicine.
- **Dawn of Millennium** -- an intensive look at the future. If the information that's out there is actually utilized, people can improve the quality of their life and can actually extend their life span.

The Power To Heal is a traveling exhibit of photographs which presents its subject in multi-layers. Each captioned photograph offers a mini-story. Viewed in sequence, the photographs unite to produce a video-like effect.

Children of the Masai tribe greet flying doctor Anne Spoerry (left) at a makeshift first-aid station in Oloika. Spoerry, who is fluent in Swahili, says that even as a child she dreamt of practicing medicine in Africa, and that she plans to continue as a flying doctor as long as she's physically able. # INSIDE THE DOCTORS BUILDING

The seven story, 137,500 square-foot Doctors Building was designed and constructed to provide our medical staff and their patients with a convenient and modern facility directly connected to the Medical Center.

"One of our major goals was to offer the physicians in the Doctors Building the capability of providing care to patients in the office with the assurance that they could be at the bedside of a patient in the hospital in a matter of seconds," said James R. Blackmon, chief executive officer of Southeast Alabama Medical Center.

"We also wanted to provide their patients with the added convenience of ample parking and easy access to all the services available to them throughout the Medical Center," he added.

A few of these services which are available on the first floor include: a style shop, satellite laboratory, credit union, gift shop, U.S. Post Office (limited service) and soon-to-open restaurant-The Oak Garden.

The physician groups listed below are currently located in the Doctors Building. Their floor level locations are indicated by their practice name.

- Dothan Orthopedic Associates, P.C. - 1st Floor
- Dothan Medical Associates, P.C. - 2nd Floor
- Dothan Surgical Associates, P.C. - 2nd Floor
- Charles A. Feagin, Jr., M.D./ William I. Owen, Jr., M.D. - 2nd Floor
- Fairview Clinic, P.C. - 3rd Floor
- Dothan ENT Center - 4th Floor
- Urological Associates of Dothan, P.A. - 5th Floor

The following offices are currently under construction. Announcements will be made as each of these practices are ready to open.

- Drs. Conner, Moore, Fendley, and Cleveland - 3rd Floor
- Dothan Hematology & Oncology, P.C. - 3rd Floor
- Gregory W. Shields, M.D., P.C. - 4th Floor
- Southeast Heart Center - 4th Floor
- Dothan Specialty Clinic, P.C. - 5th Floor
- Women's Medical Center, P.C. - 6th Floor
- Anesthesiology Consultants Medical Group, P.C. - 7th Floor

4

Darlene Cassidy of Dothan Medical Associates, assists patient with insurance information during registration.

The comfortable waiting area of Urological Associates provides patients with a relaxed setting while waiting for an appointment.

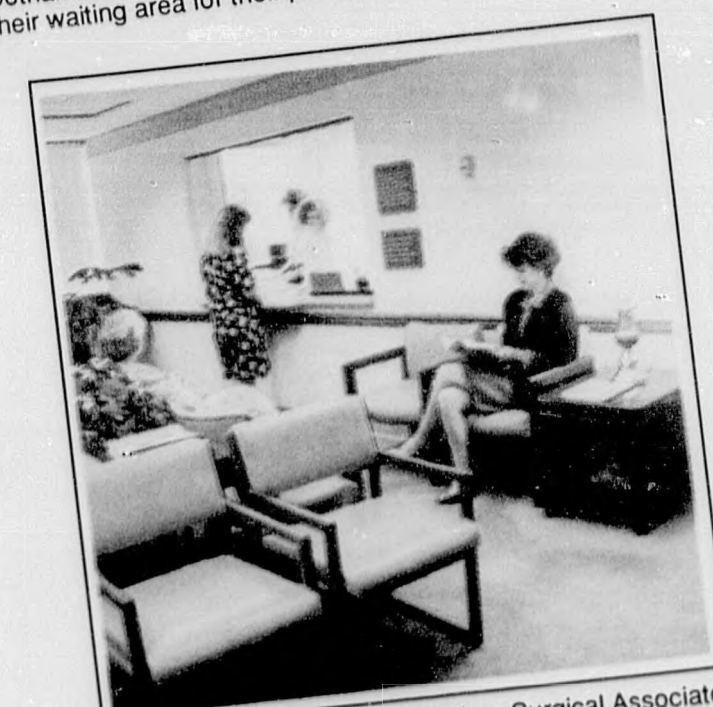

Dothan ENT Center features a playroom in their waiting area for their pediatric patients.

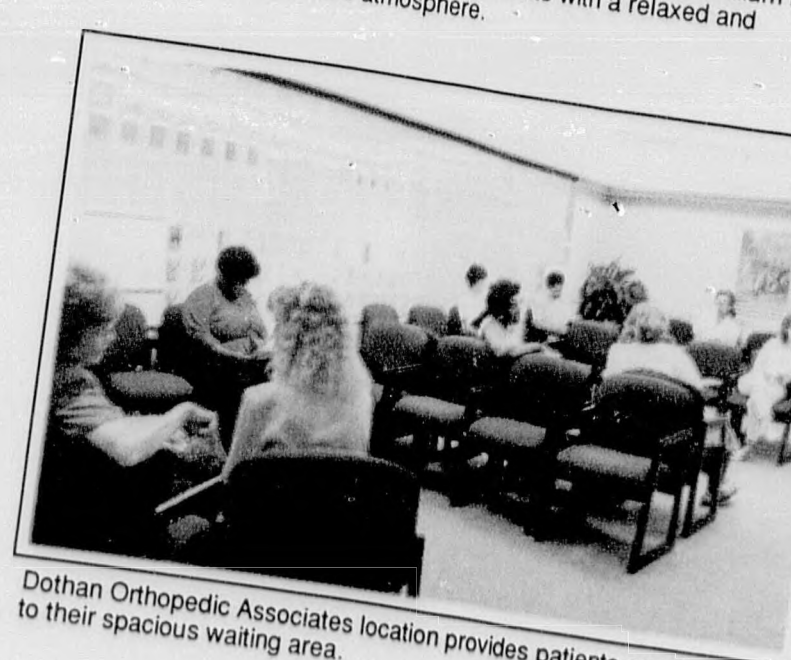

Mary Avant, receptionist at Fairview Clinic, registers a patient at their new office.

The waiting area of Drs. Charles Feagin and William I. Owen's office provides patients with a relaxed and comfortable atmosphere.

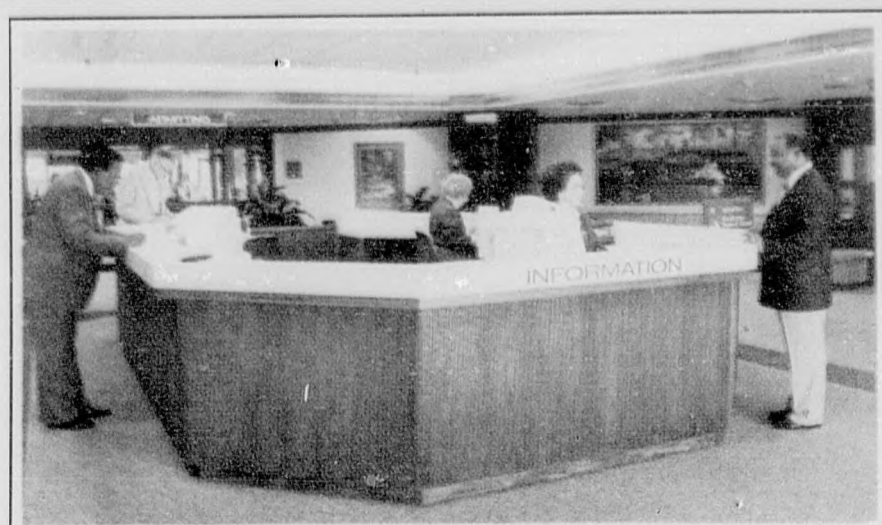

Renae Woodham, LPN of Dothan Surgical Associates assists a new patient during registration.

Dothan Orthopedic Associates location provides patients easy access to their spacious waiting area.

5

The Information Desk located at the Main Entrance of the Medical Center (first floor level) serves as a resource center for patients and visitors.

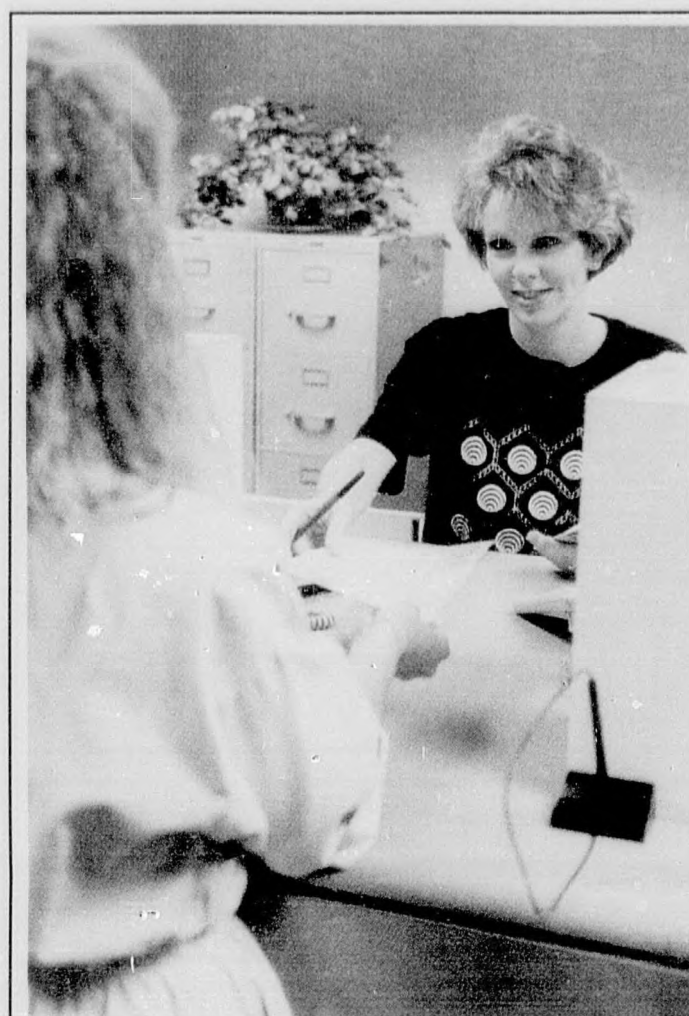

The gift shop at Southeast Alabama Medical Center offers visitors as well as employees a variety of cards and gifts for every occasion.

A unique addition to the Doctors Building features a shoe shine which offers styling for men and women as well as shoe shine services.

6

## Additional Services. . . (First Floor Level)

Alabama Telco on the first floor provides employees as well as the community a convenient means of banking.

### Other Services Available In The Doctors Building (First Floor Level)

- **Laboratory** – satellite clinic to provide convenient services for physicians and their patients.
- **U.S. Post Office** – limited postal services for physicians and visitors.
- **Shoe Shine** – patrons may have a shoe shine in "the chair" or drop off shoes to be shined.
- **The Oak Garden Restaurant** – a deli-like atmosphere with seating for 50 will offer a variety of breakfast and lunch foods, with in-house delivery available.

## OUTPATIENT Building Opens

Southeast Alabama Medical Center recently completed construction of its four-story, 51,000 square-foot Outpatient Building located at the intersection of Alma Street and Fairview Avenue.

The spacious modern and tastefully decorated reception, registration and waiting area provides patients and their families convenient access in a comfortable setting. In addition to the main registration area and waiting room, the new Outpatient Building offers private pre-surgery counseling rooms where personnel from the departments of nursing, dietary and anesthesia can meet with patients and family members. An expanded lab and easy access to diagnostic

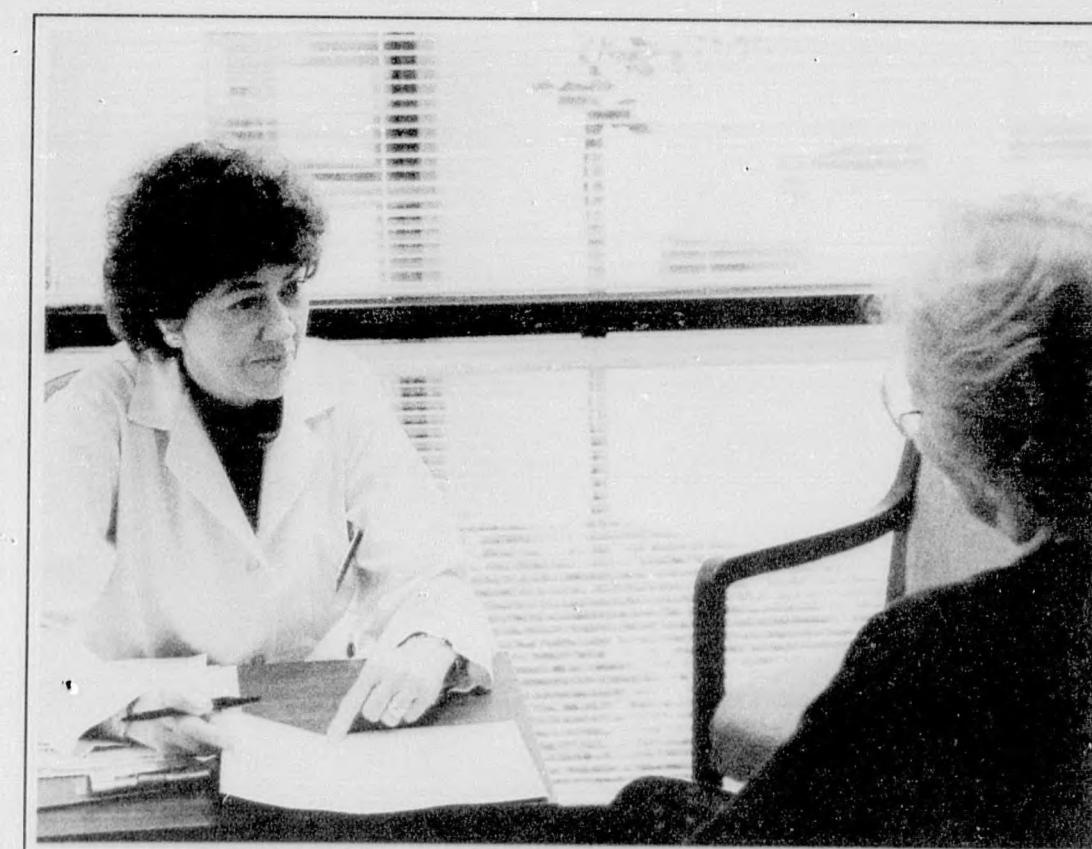

departments complete the first floor features.

The second floor of the Outpatient Building houses 31 patient/recovery spaces, three gastroenterology labs and a large waiting room for patients' family members.

Within the next several months, the Neurodiagnostics Department and Sleep Disorders Center will occupy separate offices on the third floor.

The fourth floor was planned for future growth.

In the near future, the outpatient parking area located directly across Alma street will be redesigned to accommodate 150 vehicles.

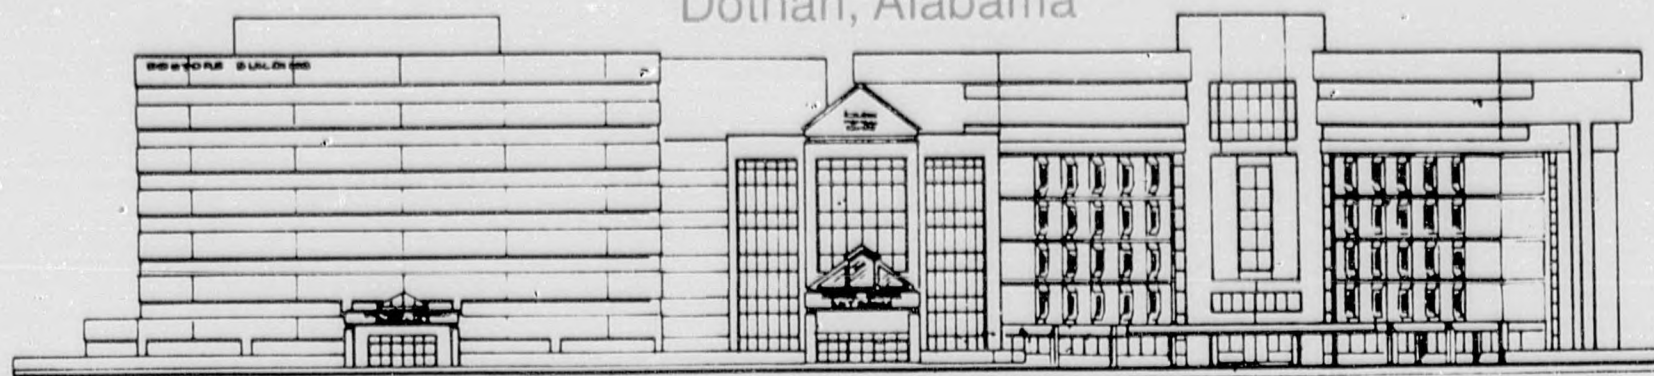

Betty Robinson, LPN in the Outpatient Department, provides pre-surgery counseling for patients prior to surgery.
